

Statement on Compliance with REACH

In the European Union, chemicals are mainly regulated by Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). Covestro has successfully completed the registration phases in 2010, 2013 and 2018 for chemical substances above 1000 t/a, 100 t/a and 1 t/a, respectively. Additional registrations might be executed in the future, for example to cover newly developed products or supplier changes.

All products supplied by Covestro Deutschland AG* comply with the applicable chemical regulations, with special reference to REACH and its amendments, as detailed below:

1. All Covestro products supplied by the Covestro Deutschland AG* to customers in the EU or European Economic Area (EEA) are registered or exempted from registration. This includes raw materials used in Covestro products. A separate statement with a list of the involved legal entities of all affiliates of Covestro Deutschland AG*, seated in Member States of the EU, is available on request.
2. The Safety Data Sheets (SDS) for products supplied by Covestro Deutschland AG* to customers in the EU or European Economic Area (EEA) are being updated in line with the applicable legal requirements with the information required by REACH after a substance has been registered by Covestro or after we have received relevant new information. You may download the most recent SDS via the following link:
<https://solutions.covestro.com/en/productsafetyfirst/sds>
3. The presence of Substances of Very High Concern (SVHC) on the Candidate List for Authorisation and the presence of substances on Annex XIV of REACH (Authorisation List), are communicated in the EU/EEA-SDS from Covestro Deutschland AG* in section 3 if the content exceeds the applicable legal threshold. A separate statement on SVHC and Annex XIV is available.
4. The presence of substances on Annex XVII of REACH (Restriction List) is communicated in the EU/EEA-SDS from Covestro Deutschland AG* in section 15 if the content exceeds the applicable legal threshold. A separate statement on Annex XVII is available.

Please be informed that not providing a REACH registration number on an SDS does not imply that the product does not comply with REACH. For instance, polymers are exempt from registration and Covestro has registered the respective monomers. Also, any articles (such as most technical or industrial specialty films) supplied by Covestro Deutschland AG* do not require registration under REACH so a registration number is not provided for those products.

Important notice: This statement does not relate to Covestro products supplied from other legal entities than Covestro Deutschland AG*. In particular, in the case of imports of Covestro products from non-EU countries, any registration obligations for importers must be observed.

*: Covestro Deutschland AG stands for all Covestro Deutschland AG and its affiliates, based in Member States of the European Union.

Statement on Compliance with REACH

Version 8. This information contained herein is believed to be accurate as of the date of this document. If any of the above mentioned regulations change after the date of declaration, this information is no longer valid.

The manner in which you use our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, are beyond our control. Therefore, it is imperative that you test our products to determine suitability for your processing and intended uses. Your analysis must at least include testing to determine suitability from a technical, health, safety, and environmental and regulatory standpoint. Such testing has not necessarily been done by Covestro, and Covestro has not obtained any approvals or licenses for a particular use or application of the product, unless explicitly stated otherwise.

Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request.

All information and including technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed by you that you assume and hereby expressly release indemnify us and hold us harmless from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.

This information is exclusively for our customers and respective competent authorities. It is not intended for reproduction either in printed or electronic form (e.g. via internet) by others. Thus, neither partial nor full reproduction is allowed without written permission from Covestro.
